### **REASONS FOR ALLOWANCE**

1. This is in response to communication filed on April 29, 2004. Claims 1, 10, 11 and 20 had been amended. Claims 1-20 remain pending in the application.
2. Claims 1-20 are allowed.
3. The following is an examiner's statement of reasons for allowance: Applicants claim a system and method for operating a bus comprising the steps of: granting a bus mastership to a first master; presenting a first transfer signal generated by the first master to the bus, wherein the first transfer signal is different than an idle transfer signal; removing the bus mastership from all masters; and presenting said idle transfer signal to the bus in response to the removing step (Claims 11). Claims 1 and 20 are systems claim, which also address similar limitations as claimed in claim 11. Prior art of record including Thaller do not teach the claimed invention. Applicants' arguments with respect to Thaller and Jaramillo are deemed persuasive (Remarks; pages 10-18 of Communication filed on April 29, 2004). Therefore, the claims are allowed over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. The drawings were received on April 29, 2004. These drawings are acceptable.
